Gasoline Rationing To Be Put In Effect November 22nd

Program To Be Merged With Tire Rationing In A Single System—Registration To Be Held November 9th.

Merging of the gasoline and tire rationing programs into a single system to control mileage of the nation's passenger auto according to essentially of use was recently announced by Price Administrator Leon Henderson to become effective throughout the country probably about November 22nd.

The rationing of gasoline will follow the plan now in operation for the seven and a half million autos in the East, with each of the nation's 27 million cars getting a basic A-book allowance of enough gas for 2880 miles of family necessities and occupational use for a year. Additional gasoline will be allowed only on proof of need and in quantities strictly limited to the degree of essentiality to the nation's war effort.

This gasoline rationing system will then be meshed into the tire rationing program to bring the overall mileage of America's autos within the limits of the available rubber supply with use of tires being limited to essential transportation needs of the country. Observance of a 35 mile per hour maximum speed limit will be a basic requirement in both gasoline and tire rationing allowances.

The new nation-wide rationing plan has been under intensive development in OPA in anticipation of the need, since publication of the Baruch Committee's rubber conservation report on September 10. These advance preparations make it possible to have the system in operation some two weeks sooner than otherwise would have been possible Mr. Henderson said.

Some 20 million passenger cars outside of the present gasoline rationed area will be brought under mileage rationing when the plan goes into effect, Mr. Henderson said. He estimated that mileage rationing would cut the use of private passenger cars an average of almost 60 percent from normal.

Owners of cars in the as yet unrationed area will be required under the plan, to register and will receive a basic gasoline ration for their cars allowing 2880 miles per year at the present value of the coupons, assuming 15 miles to the gallon. The time and places for this registration will be announced later.

Additional mileage up to 470 miles a month may be obtained by the motorist who can show that the "A" book is not sufficient to meet his occupational needs, and who shows either that he has formed a car-sharing club to keep his car filled to capacity while in use, or that he has been unable to do so and that there is no other means of transportation available to him.

A special "preferred mileage" category is provided for 14 types of occupations deemed essential to the war effort and to the public health and safety. These rationing issued through a "C" book, are tailored to meet the proven need, without a specific ceiling on the mileage. Tires on all cars must be submitted to OPA for on-wheel inspection every sixty days to insure proper care.

The deviations from the present ration system in the East will not be great, since the East Coast plan was designed for possible nationwide extension as a mileage rationing plan. It already has reduced average passenger car mileage near to the objective of 5000 miles set by the Baruch report. The changes required for the rest of the country will be incorporated in the Eastern plan when nationwide mileage rationing becomes effective so that all cars throughout the country will be operating under a single set of rules, Mr. Henderson said.

Executive Committee Of Central School P. T. A. Met Monday

The executive committee, of the Central School P. T. A. met on Monday afternoon at the school where were present Mrs. S. J. Ingram, Superintendent of Schools; Mrs. F. J. Nelson, President; Mrs. H. B. Weston, Finance Chairman; Mrs. Leo Seal, Health Round-Up; Mrs. J. T. Wolfe, Treasurer; Mrs. Geo. Horton, Hospitality Chairman; and Mrs. Eugene Mogabgab, Membership Chairman.

Plans were completed for the membership drive to be launched October 19-24.

Miss May Edwards was named program chairman for the year. Miss Edwards named Mesdames Juanita Erwin and J. T. Wolfe as committee members.

It was decided that the P. T. A. will donate for the cafeteria and also for floors.

SALVAGE PARADE SUCCESS

More Than 1000 Children Participate—Al E. Voigt Chairman of Salvage Drive Responsible For Colorful Affair

Blare of trumpets and beating of drums heralded the salvage parade on Friday afternoon in which marched more than a thousand children, carrying banners with appropriate inscriptions proclaiming to the public that they were out to do their part in a big way. The spectators looked with pride to the splendid showing of youth in this parade and the expression "Terrible as an army with banners" came to the minds of many. There were so many unique inscriptions as the one on the old Bay High Bell which said "The Old Bay High Bell which has a story to tell" and one borne by a group of small children which read "We can't fight but we can scrap."

Al E. Voigt, county chairman of the salvage drive was responsible for one of the largest and most colorful parades seen here.

Marching were the student body of the Catholic schools, the Bay St. Louis public schools, Waveland school, and from the county of Logtown and Clemons Harbor, Boy Scouts, Girl Scouts, Red Cross Motor Corps in uniform and others. In automobiles rode members of the High School faculty, city and county officials and the Central School P. T. A. Carrying the American flag and Bay High school banner were Carolyn Ladner and Robert Armistead.

After marching through the principal streets of the city the parade ended its march at St. Stanislaus stadium, where L. M. Gex took over as master of ceremonies. He commended Mr. Voigt on the fine work he had done and is still doing and on the letter of recognition he had received. He said that Hancock County had always gone over 100 percent and that they would not fail in this.

Mr. Gex introduced Brother Peter, who brought messages of the boys in service to his audience and stressed the significance of the salvage campaign and the great gain of whole hearted cooperation in this part of war work.

Lieut. Charles Schneider was then introduced by Mr. Gex and he expressed appreciation of this splendid showing in the parade and also told them how much could and would be gained by their contribution of scrap.

As a fitting climax to a large co-operative demonstration of sure victory was the football game between Slidell and Bay High.

Asks That Coins Be Put Back In Circulation

Washington, Sept. 25.—Mrs. Nellie Taylor Ross, Director of the Mint, urged that thrifty Americans return their coin savings to circulation to ease the production strain on the mint establishments and at the same time save tons of metals vital to the war by lessening the demands for new coins.

The Director suggested that thrift accumulations of coins be converted into War Savings Stamps and Bonds, freeing the money for business use. Mint coinage operations have been on a 24-hour-a-day basis for two years, placing an extraordinary burden upon personnel and equipment. More than 30 tons of metal a day passes through the presses at the Philadelphia Mint alone.

Demand is greatest for one-cent pieces, and it is the penny that can be disgorged in greatest quantities from children's banks and sugar bowls, Mrs. Ross believes. The Director cited a letter received from a former Mint employee now in the Navy. He had read of the critical need for metals in war production and reports of studies being made looking to possible use of plastic coins.

This former guard from the Mint Service told Mrs. Ross he had found enough pennies in bureau drawers and other caches about his home to buy a \$25 War Bond. His many similar letters have been received at the Mint urging others to trade their coins for stamps.

More than a billion coins of various denominations were turned out by the Philadelphia, Denver and San Francisco Mints last year, five times the volume of a few years back.

The increased use of smaller coins is due to such factors as increased popularity of vending machines and entertainment devices, application by many States of sales taxes, the general increase in business activity, as well as to the accumulation of savings.

CENTRAL SCHOOL P. T. A. MEETS—PLANS MEMBERSHIP DRIVE

Oct. 19-24 Proclaimed Mississippi Parent-Teacher Week by Governor—Membership Drive To Be Held at That Time

The Central School P. T. A. met on Tuesday afternoon in the school auditorium.

The meeting opened with prayer by Mrs. Nelson. Plans were formulated for the membership drive to be launched October 19-24 with Mrs. Eugene Mogabgab as chairman. A prize is to be given to the best poster submitted from each grade. These posters are to be used to stimulate the public for the drive.

Mrs. Lucile Anderson read Gov. Johnson's proclamation approving October 19-24 as P. T. A. Week. She also read the president's message. The Nutrition unit of the year theme "Care of Children and Youth in Wartime" was discussed by Mrs. Juanita Erwin, head of the Home Economics department of Bay High. Mrs. Erwin urged the use of enriched flour and all enriched products now on the market.

Mrs. C. C. McDonald gave a report of her attendance at the meeting of the National Board at Atlanta. She gave a most interesting account of the building of the Birney Memorial.

Whereas, the Mississippi Congress of Parents and Teachers and its individual associations have been organized for thirty-three years for the sole purpose of promoting the welfare of children and youth; and Whereas, the needs of children are fundamentally the same in wartime as in peace which necessitates maintenance of normal community services; and

Whereas, too-day, because of war, there are no hazards to which children may be exposed; the health hazards are more acute, and there are unaccustomed emotional and social hazards; and Whereas, some of the most important work in civilian defense will be done in the interest of children and youth; and

Whereas, the theme for this year is "The Care of Children and Youth in Wartime" and the approximately 20,000 parents and teachers comprising the membership of this organization marching toward one great objective, can make a mighty contribution to victory and to a lasting peace, and

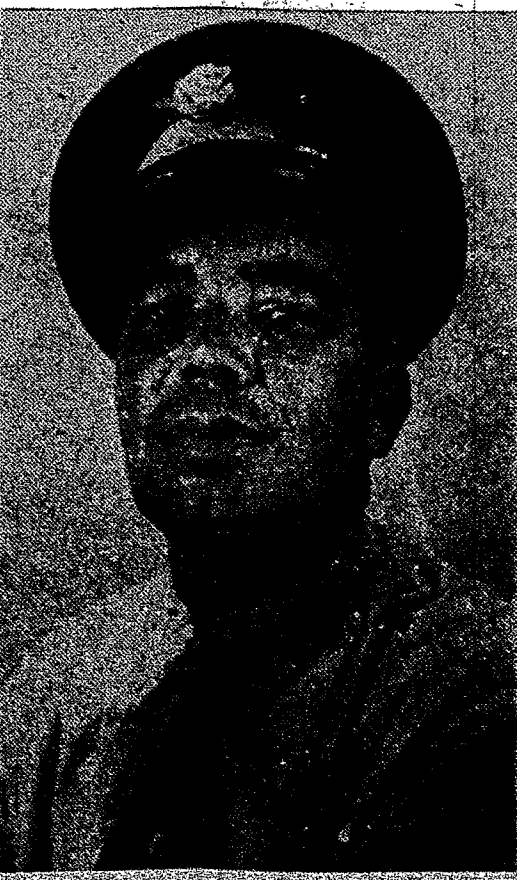

Whereas, the organization of parents and teachers can aid materially in maintaining the normal community services to children so necessary to their normal growth and development and at the same time can aid in their protection against all the dangers of war; physical, mental and spiritual;

Now, Therefore, I, Paul B. Johnson, Governor of the State of Mississippi by virtue of the power and the authority vested in me by the Constitution and laws of this State do hereby proclaim the week of October 19 to 24 as "Mississippi Parent Teacher Week" and sincerely urge our citizens during this week to take cognizance of the high ideals of this organization and the opportunity for wartime service offered through membership in the local parent teacher association.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State of Mississippi to be affixed at Jackson this 18 day of September in the year of our Lord One Thousand Nine Hundred and Forty-Two.

PAUL B. JOHNSON
Governor

STATIONED AT FORT BRAGG

NEGRO FATALLY WOUNDED

Louis Cleggett, Jr., Shot by Sam Cooley—On Last Thursday Evening—Died Wednesday Night

Louis Cleggett, Jr., twenty-five year old negro youth, was shot and fatally wounded by Sam Cooley, white resident of Bay St. Louis, about 11:15 o'clock last Thursday evening at the corner of Necaise Avenue and Esterbrook street while going home from work in company with Clarence Price, a fellow employee, and Alphonse Poyade.

Louis, who was chauffeur for Mrs. Charles G. Moreau and the late Mr. Charles G. Moreau, for a number of years and who enjoyed a good reputation in his community, was recently employed by the Louisville & Nashville Railroad, and according to a statement made, upon reaching a point near Lolacanos Grocery, was accosted by Cooley who apparently was under the influence of liquor. Cooley, without provocation, ordered the colored boy to open his coat and opened fire with a double-barrel shot gun, the full charge lodging in the abdomen and leg of the victim. Being shot from such close range and his wounds of such a horrible and serious nature, it was at first thought Louis would not live more than a few hours. However, he did not lose consciousness and the Rev. Father Wm. Holken was summoned and administered the rites for the dying of the Catholic Church before he was rushed by ambulance to the Kings Daughters Hospital in Gulfport for emergency treatment and died Wednesday evening at 9 o'clock. Funeral services will be held some time Friday.

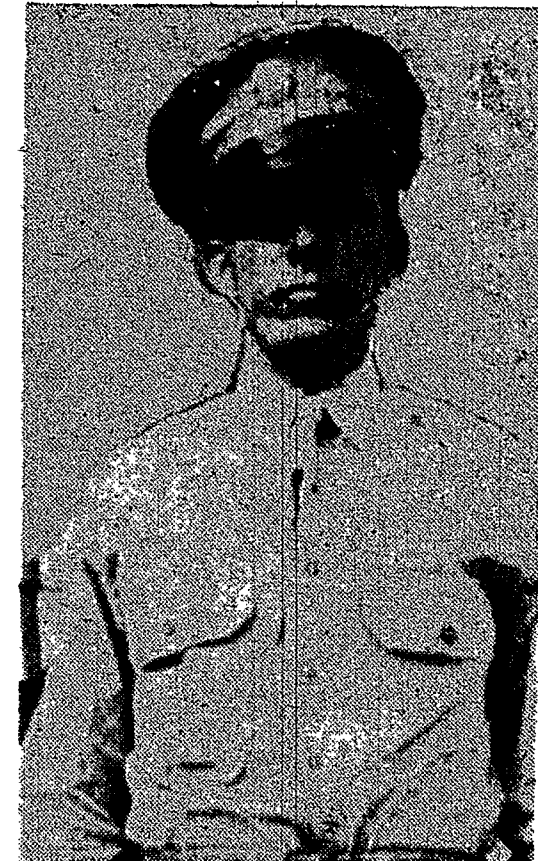

The county officers, Sheriff Horace L. Kergosien, Constable Gerald V. Price and Deputy Sheriff Francis J. Bopp, who immediately arrived on the scene of the shooting, arrested Cooley who readily submitted to arrest and only stated that he had made a mistake. Cooley was transported to a jail in Gulfport for safe-keeping after a preliminary hearing, and upon being charged with shooting with intent to kill. Since the death of Cleggett, the charge will be changed to murder.

GEO. L. CUEVAS, JR., USN

George Cuevas, Jr., son of County Assessor and Mrs. George L. Cuevas of Bay St. Louis, recently returned to the Pacific Coast, after spending several days visiting his parents.

George enlisted in the United States Navy on September 29, 1941, and left the States in January, 1942. He was stationed at Pearl Harbor at the time of the attack on December 7th, and, glad indeed, were the hearts of his anxious parents, to have had him with them for a few precious hours on his first visit home in two years.

RED CROSS SPONSORS DRIVE

For Old Clothes For Use by Home Service Committee

The Hancock Chapter of the American Red Cross is sponsoring another Old Clothes Drive for use by the Home Service Committee in furnishing clothing for adults and children in the county.

Clothing of any kind is urgently needed for civilian service which means that any garment donated will be given to an adult man or woman to assist them in becoming properly clothed, or to a boy or girl or smaller children. Many of the older boys and girls who are unable to attend school because of the lack of clothing could begin school in warm and durable clothing if everyone would go into his locker and discard many articles which they have outgrown, or for any reason are of no further use to themselves and decide to give them for this good work.

Members of the Motor-Corps of the Hancock Chapter of the American Red Cross will call for clothing if the message is telephoned to Mrs. Edouard Carriere, telephone 477, and the clothing will be selected and placed in first class condition by the ladies who volunteer to sew and mend in the Production Center in the Knights of Columbus Hall on Main Street, before distribution to indigent persons.

The Old Clothes Drive will open on Thursday, October 15th and will close on Wednesday, October 21st when members of the Home Service Committee will hold open house at the Production Center on Wednesday the 21st from ten to twelve, serving refreshments to everyone calling, and to which the public is cordially invited and urged to attend.

GARDEN CLUB HAS MEETING

Thirty-Nine Members And Eleven Guests Attend

On last Thursday afternoon, the regular monthly meeting of the Bay-Waveland Garden Club was held at the home of Mrs. J. R. Rollins with Mesdames Harry S. Pond, Russell Caffery, G. V. W. Lyman and Allen Weurle as co-hostesses.

Bills were approved for the following expenditures: \$4.55 for expenses incurred in providing refreshments for the soldiers' dance which the Garden Club sponsored recently, and \$10.00 for the sponsoring of Homer Lee, Hancock County youth who was sent to the Conservation School at the Club's expense.

The President's message was read by Mrs. Kiefer and proved of vital interest to everyone present.

Mrs. Kiefer, the president, explained that plans for a county fair which had been discussed had been cancelled due to the tire and gasoline shortage which curtailed transportation, but she urged members to plant vegetables to assist the war effort and exchange their surplus with members.

Mrs. Kiefer also suggested that members sponsor the erection of flag poles, and the suggestion was tabled for further discussion at the November meeting.

Members were reminded of the Salvage Parade for Friday, 9th and requested to participate. The meeting was one of the best attended with thirty-nine members and eleven guests, who are new residents of Bay St. Louis and among whom were the wives of several officers registered at Reed Hotel. The guests were Mrs. M. A. Thompson, Mrs. R. Leach, Mrs. Elizabeth Goodell, Mrs. Helen Stort, Mrs. Charles Stone, Mrs. Parker Bridges, Mrs. Howard LeTissier, Mrs. Adams of Pass Christian, and Mrs. Coleman.

Mrs. C. C. McDonald, guest speaker for the afternoon, was introduced by Mrs. Leo W. Seal, and gave a most interesting and instructive talk on "The Relationship between the Red Cross, Civilian Defense and Citizens' Service Corps."

A number of lovely flower displays were judged after the business of the meeting was completed, and the following were the winners of the prizes Mrs. F. J. Trastour, Jr., for an arrangement; Mrs. Leo W. Seal for a wild flower exhibit; Miss Lucy Richardson for a most unique miniature.

From a prettily appointed table with a beautifully arranged centerpiece of white flowers, Mrs. Rollins and her co-hostesses served delicious refreshments and a pleasant social hour was enjoyed.

QUICK EXPANSION CAUSES STRAIN

ERIC A. Johnston, president of the U. S. Chamber of Commerce, has attracted considerable attention by a sharp reversal of the previous attitude of this business organization in regard to legislation designed to regulate business and labor.

We have no idea that Mr. Johnston approves everything that has been done in this country during the past ten years but he realizes the necessity for national unity, in view of the present world emergency, and pledges the chamber of commerce to work for harmony with labor, agriculture and government.

He suggests a degree of tolerance in regard to efforts of the Government to organize and speed production and to harness our economic forces, pointing out that the great acceleration in production has placed a tremendous strain upon officials as well as the industrial machine. This seems to be a sensible suggestion. Everybody understands, for example, the difficulties connected with the expansion of the Army from a small force of 350,000 to more than 4,000,000 men. It is frequently heard, when something in connection with Army life is criticized, that such things are explained by the vast expansion program. The same observation applies to the acceleration of war production.

While unable to give details, Mr. Johnston says that a full-fledged unity of economic forces is being realized and that unity of action will follow. He added that "Hitler and Hirohito are sadly mistaken and very bad judges of the American character if they think a united economic front is not possible in the United States."

U. S. SUBS HURT JAPS

AMERICAN submarines have inflicted serious losses upon the Japanese fleet, sinking seventeen warships up to September 21, and damaging twenty additional vessels. In addition, our submarines, in the same period, sunk fifty-six Japanese merchant ships and damaged sixteen others.

The significance of these losses becomes apparent when we consider that Japan is an island country, dependent upon shipping for her existence. Even food for the Japanese people must be imported and, in addition, the raw materials for her industries come largely in the holds of cargo ships.

American submarine warfare against Japan is just getting underway, with new submarines joining in the operations that cover the waters of the Far East. So far, two of our submarines have been lost but the threat they make against the Japanese is probably more dangerous than that of the German U-boats against Anglo-American shipping.

The good work of our submarines since Pearl Harbor has been supplemented by the destruction caused by our aircraft. American planes have vigorously attacked Japanese shipping, inflicting losses which seriously interfere with Tokyo's consolidation of territorial gains in the Far East.

SAVE STAMPS FOR COINS

THE people of the country have been asked by the Treasury Department to buy War Savings Stamps rather than to save coins.

The Treasury reports that mints in Philadelphia, Denver and San Francisco are working twenty-four hours a day, trying to keep up with the demand for coins. Each coin that is "hoarded" adds to the strain upon the mints and keeps critical metals from the nation's war use.

The Treasury is particularly interested in reaching individuals who are saving pennies, nickels, dimes, quarters and half-dollars for the purpose of buying War Savings Stamps instead they will release metal that is badly needed for the war production effort.

The extent of the demand for coins is seen in figures showing that last year the mints turned out 263,330,000 dimes, compared with 35,800,000 in 1938. Nickels last year exceeded 300,160,000, as against 35,016,000 in 1938 and pennies reached the record total of 1,108,099,100 pieces, compared with the total of 191,866,734 in 1938.

Carelessness causes many fires and leads to many accidents; consequently, it is never old-fashioned to be cautious.

Every man, woman and child can do something to help the nation's war effort: make yourself a committee of one to see that all scrap around your home and place of business is turned in for war use.

AXIS REPORTS ARE PROPAGANDA

THE people of this country should not pay much attention to war news that originates in Berlin, Tokyo, or Rome. While there is no censorship to prevent these broadcasts from reaching the United States, the record of past events has shown them to be entirely unworthy.

An example is the recent broadcast from Berlin, asserting that 38 out of 45 ships in a convoy to Russia were sunk and that six naval vessels were destroyed at the same time. London admits that an undisclosed number of vessels were sunk.

The British are handicapped because they will not give out the complete details of the engagement. This helps the enemy but the British Admiralty says that Berlin's claims about the convoy were "even more exaggerated" than usual.

The same observation applies to communiques broadcast from Tokyo. The Japanese have repeatedly claimed the destruction of the United States fleet, even pronouncing Coral Sea and Midway as Japanese victories. It would be a foolish American to believe what the Japanese claim.

Undoubtedly, the purpose of these enemy broadcasts is to worry and alarm the people of enemy countries. By persistently claiming great victories and reporting "enormous losses" for enemies, the Axis hopes to create doubt in the minds of the Allied peoples and to cause them to wonder whether their governments are telling the truth.

Aside from the necessary delay which must accompany admission of losses, the communiques issued by the Navy Department have been correct and there is every reason to believe that official statements made in London are based upon the truth. Even Soviet Russia has a good record in regard to the war with Germany.

Every American can assist in maintaining national morale by disregarding exaggerated reports from every source. There is no need to worry about what Tokyo and Berlin say; if there is any truth in their claims, the United Nations will, at the proper time reveal the facts.

EAKER SAYS BOMBERS WILL WIN

BRIGADIER-General Ira C. Eaker, Chief of the U. S. Bomber Command in Great Britain believes that Germany can be destroyed from the air and says that there will soon be enough airdromes in Britain to undertake the job.

The General explains his theory by pointing out that the destruction of the enemy's aircraft factories will eventually wipe out his air force, the bombing of his munitions plants and transportation centers will stop his armies and, by destroying his shipyards, it will be impossible for him to build new submarines.

This is certainly a sensible view of the functions of the bomber command. It recognizes the nature of the present war which involves a coordination of production and transportation with the fighting forces.

There is nothing that can be destroyed by a gun that cannot be destroyed by bombs," says General Eaker. He says that in the next few months the British and Americans, operating by night and by day, will carry destruction to all parts of Germany.

The German U-boat campaign throughout the war has been an attack upon the transportation facilities of the United Nations. It has seriously interfered with the Allied War effort. Germany is not vulnerable to submarine attack but a thorough bombing campaign can inflict great damage on Germany's transportation facilities.

In bombing aircraft factories, port facilities and other industrial areas, the bombers are striking at the backbone of a modern army. Every bomb that explodes cuts down the productive output and, in time, weakens the fighting strength of the Army itself.

KEEP FAITH

ONE of the most powerful safeguards of individual liberty can be found in the thousands of community banks scattered over the three million square miles of the United States. The question of size either of the banks or of the communities in which they operate, is irrelevant. They are all community banks and they all safeguard our most vital freedom—economic freedom.

There exists hardly a citizen who at some time has not found it necessary to go to his local banker for financial advice and aid. He may be seeking money for a new business venture. His family may have suffered illness requiring immediate emergency funds. Or he may be a farmer in need of seasonal stock or crop loans. In every case, the reason is economic. In plain language, bread and butter necessities drive up to our local banker for help. It is his business to lend that help, where the facts justify, as painlessly and as efficiently as possible. It is a difficult task. He must have a broad knowledge of agriculture, business and industry, together with an intimate understanding of the men and women in his community. No amount of regulation can relieve him of his responsibility as an individual, to the thousands of other individuals who rely utterly on his integrity and competence. If he fails, the community may fail, and vice versa.

Thus, it should not be hard to see why the community bank is the key to our "fifth" freedom. It would be tragic indeed if the day ever arrives when the private citizen finds in his local banker, not another free American citizen, but a controlled puppet of a dominant political party in a vast bureaucracy. Such a tragedy can befall us if we ever lose faith in our ideals of free private enterprise.

THE BOX SCORE

LOOK at the box score," says Max Karant, editor of Flying, in regard to statements that our airplanes are inferior to those of the enemy.

The box score, he adds, is the "one conclusive answer to all the poppycock being dished out by the so-called aviation experts" who say that our successes have been due almost entirely to superior pilots. This, in Mr. Karant's opinion, makes about as much sense as if we said that "Wilbur Shaw could win the Indianapolis race in a wheelchair."

Wings of Victory

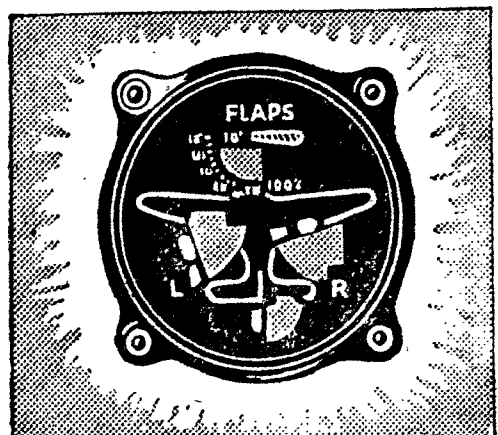

Electricity helps make America's war planes some of the world's most deadly weapons. Here are a few of the ways in which G-E equipment serves in the air.

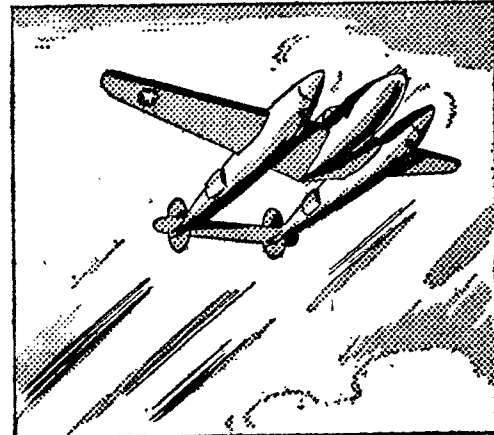

1. Lamps are the eyes of the plane at night, ranging in size from cockpit lamps no larger than a pea to landing lamps of more than half-a-million candlepower.

2. Radio combines the voice and the ears of the plane, allowing communication between the pilot and his squadron, and the ground and sea forces.

3. Instruments are the sensitive brain that relays messages to the pilot from all parts of the plane and helps him to control the ship in its flight.

4. Superchargers are the lungs of the plane, pumping extra oxygen to the carburetors, giving our planes the altitude so necessary to modern warfare.

General Electric believes that its first duty as a good citizen is to be a good soldier.

HOME Agent Notes

Good cooking is more important now with higher food prices, less meat and less variety of foods. Any one can prepare a good meal when they can get a variety of ready prepared foods and tender choice meats. But now, the "good cook" is the one who can take a few staple foods, tougher and smaller amounts of meat and the same kind of vegetables she served yesterday and prepare a meal that delights her family. The good cook must now season and create. She will have more fun for now the praise of her family will be well earned. And families, when a good tasting dish is on the table remember that praise of it will get you more and better dishes.

The National Bureau of home economics reminds us again that:

1. We must learn to use some meat substitutes.
2. Try edible soybeans the orientals have been strong on them for years.
3. Use peanuts. They are recommended as a good meat substitute. Create new ways to make your family want to eat them.

4. Buy only enriched bread, flour wheat products. Use packaged wheat and cereals or 100 percent whole germ as an addition to cereals, breads and other dishes.

5. If Oleomargarine is substituted for butter be sure it is enriched or fortified with vitamin "A."

6. If you can't get a variety of greens any other way grow them, your parents did in the last war. Remember that eggs at 5 cents each are still a vital food. If you must skip, cut down on starches and sweets rather than on eggs, milk, poultry or red meats. Cook both Irish potatoes and sweet potatoes in the jackets, and use abundantly. Use homemade sirup wherever you can as a substitute for sugar. Mississippi sirup is rich in iron. If oranges and grapefruit are too expensive to use every day, see that plenty of raw vegetables and canned tomatoes make their appearance in the diet.

Mothers should start a regular study of nutrition as soon as possible. No one knows enough about it. The responsibility for keeping your children healthy is your responsibility. Your child is entitled to health. Your doctor or county health department will help you find out whether your child is suffering from any condition which should be corrected. Attend to this, learn all you can about really nutritious foods and how to prepare them. Keeping a family healthy and vigorous is still the most important job of homemakers.

GIRL SCOUTS

Girl Scouts Troop No. 2 holds meeting and elects officers for the year.

On Thursday afternoon, the Girl Scouts assembled at their Scout House on Second Street and voted for officers for the year. Sisters Mary Grace and Blandine are in charge of this troop. Violet Capdepon was elected scribe and Patsy Gex, treasurer.

Plans were discussed for their birthday party which was held Saturday night.

The troop voted its thanks to Mr. Edward P. Ortle for the free show tickets which he gave to its members.

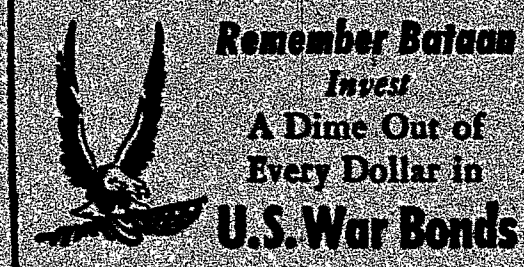

Celebrate Their Second Birthday

The Girl Scouts of Troop 2 celebrated their second anniversary with a party at their scout house Saturday evening at 7:30.

Group singing, dancing, and numerous games were enjoyed. Refreshments were served at a beautifully decorated table. Thelma Namais cut and served the lovely birthday cake.

Attending the party were Nanette Areneaux, Jane Aydelott, Joan Bontemps, Alice Braud, Elenora Bologna, Leboria Bourgeois, Margaret and Rita Boh, Lucille Benvenutti, Violet Capdepon, Betty Colson, Carol Carver, Ginetie Donneau, Mary Jane Donlin, Lillie Mae Donlin, Beverly Anne and Udell Favre, Jean and Carmela Fernandez, Mary Jane Green, Patsy Gex, Norma Garcia, Hooten, Joan Hobbs, Sylvia Ladner, Evelyn Murtagh, Thelma Namais, Norma June Note, Dora Anne Olivier, Jackie Quintini, Rita Mae and Mary Lou Seaford, Susan Smith, Barbara Switzer, Valerie Thomas and Arie Louise Wyatt.

Girl Scouts are taking an active part in the salvage collection. Members of Troop 2 are busy working for Uncle Sam by collecting "scrap" and by taking part in Junior Red Cross Work. They are also very busy planning for the celebration of Girl Scout Week. At their meeting on Thursday, October 15th plans will be made for a Court of Honor one day next week. Parents and friends of the scouts will be invited to witness the awarding of cards and pins.

Facts In Regard To Pay And Allowances To Volunteer Officer Candidates

State Headquarters of selective service has had it brought to its attention that many local boards and many registrants are not fully acquainted with the facts in regard to pay and allowances for volunteer officer candidates.

The average period of basic and officer candidate training will be from six to nine months, during which period the candidate receives the same rate of pay as provided for a person inducted into the military service. The registrant specifically waives all claim for deferment from military service by reason of persons dependent upon him for support. This does not mean that any dependents that he has will not be paid the usual allowances set forth under the Servicemen's Dependents Allowance Act of 1942. For illustration, a class III-A registrant with a wife and two children, accepted as a volunteer officer candidate, will receive twenty-eight dollars per month as a private in basic training, while his wife and children receive seventy-two dollars per month during this period.

It is anticipated that this will clear up some misunderstanding in regard to the pay status and allotments and allowances to dependents of volunteer officer candidates.

JUNIOR COUNCIL

We'd like to thank the Mothers' Club of S. J. A. for making Thursday night's dance a delightful one.

On Friday, the boys who were here for the dedication of the flags at Our Lady of the Gulf Church, were entertained at the K. C. Hall.

Saturday's dance was a pleasure to behold. All the Bay seemed to enjoy everything so much and three cheers go to their Superior, Captain Moore.

A jolly crew made its way to Camp Shelby, Sunday and another trip is to be made Sunday after next. All those interested in going, contact Mrs. Quintini as soon as possible.

Kiln News

Mr. and Mrs. J. E. Favre and baby are guests of Mr. and Mrs. C. M. Curet.

Mr. Thomas Haas left Wednesday night to join his camp in New Orleans.

Mr. Lancelot Glass is leaving Wednesday for the army.

Mr. Bud Genin hasn't returned to Carabelle, Florida, but will in the near future.

Mr. and Mrs. C. A. Hart of Gulfport, Miss., were home over the week end.

Mr. and Mrs. Lee Fuente of Picayune visited relatives over the week end.

Mr. and Mrs. Earl Ladner and children were guests of Mr. and Mrs. S. L. Favre over the week end.

Mr. and Mrs. Sidney Bennett on Sunday.

Miss Vivian Necaise is now in Jackson, Miss., visiting her sister, Mrs. Andrew Fuente.

Mr. Sam Haas, Jr., is visiting his mother for a few days this week. She is suffering from a slight illness.

Mr. John Parsons of Picayune visited his sister, Mrs. Cornelius Favre over the week end.

Mr. Salvatore who was very ill last week is now well and attending to his job.

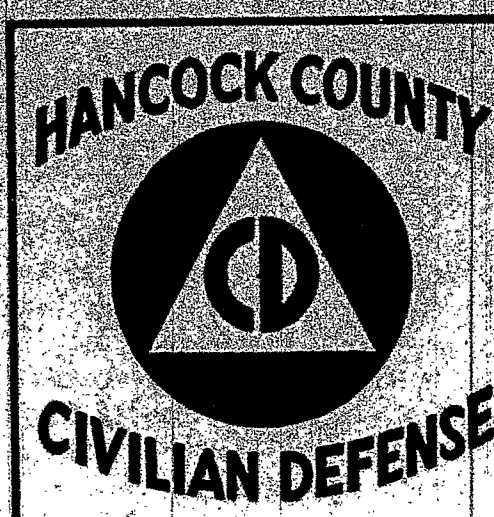

Forest Depreo and Adam Haas have received their calls for military service and are to report to Camp Shelby on October 22.

Mr. Sam Cuevas, son of Mr. and Mrs. N. A. Cuevas is reported doing much better in a New Orleans hospital.

Mr. Tom Gonzales and Miss Kathleen Harris and Mrs. Elizabeth Curet all of New Orleans were visitors Monday and Tuesday of Mr. and Mrs. Louis Gonzales.

Mrs. W. M. Glass gave a chicken supper in honor of Mr. and Mrs. E. Chouest on their second wedding anniversary.

Those attending were Mr. and Mrs. C. J. Mauffray, Mr. Norman Glass, Johnny Egloff and Saul Cuevas and Mrs. J. Monti.

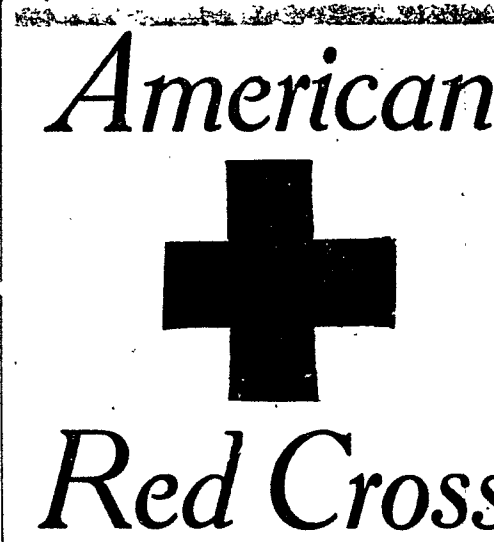

At a meeting of the Advisory Board on Monday afternoon, Mrs. McDonald welcomed the following new members:

1. Chief Air Raid Warden, A. E. Cox.
2. Chief of Fire Service, E. S. Drake.
3. Chief of Police Services, Gerald Price.
4. Father Holken, St. Rose de Lima School.

In order that the board might be better informed concerning various types of work being done by the different groups Mrs. McDonald suggested that they bring their problems to the meeting each month. As an example Mrs. Maumus explained the different services Red Cross renders to men in the service and their families. Mrs. Elliot Casanova was asked to report at the next meeting on services of the Welfare Office.

The Block Plan was briefly outlined. Miss Louise Crawford and her Committee are busy making maps and plans to put this into effect and leaders will soon be appointed.

Mr. Al Voight, Mrs. John Green, and Mrs. McDonald met the entire student body of St. Joseph Academy on Tuesday afternoon. After being introduced by Mrs. Green, Mr. Voight explained "How School Children can Help With the Scrap Drive."

EVERY afternoon a group of girls from St. Joseph Academy are giving up their recreation period to wrap surgical dressings at the surgical dressing room in the Masonic Temple building. This very commendable work is greatly appreciated by the Red Cross. Mrs. August Taconi, laborer, WPA Recreational Center, monthly donation \$12.00. Volunteer O. C. Defence, monthly donation \$15.00. The Junior Red Cross at the convent, under the direction of Miss Kathleen Renshaw have also started work on the soldiers' kits. They have agreed to make fifty.

The class for the Staff Assistants Corps started Wednesday. The first lecture was given by Mrs. Luther Hines from Gulfport. It is a 20-hour course.

In the absence of Mrs. Alice Buckley the members of the Canteen Corps are assisting in the cafeteria at Bay High School.

Kings Daughters Hospital Notes

Mrs. Valine Ladner of Kiln is a medical patient at the hospital.

Mr. John Carrion is a patient at the hospital.

Mr. Lukey Marengo is still confined to the hospital although his condition is improved.

Mrs. James Necaise of Picayune Route 1 is a medical patient at the hospital.

An infant son was born to Mr. and Mrs. J. C. Cooper of Ulman avenue on Sunday, October 11th at the hospital.

Herbert Genin was treated at the hospital on Tuesday for a broken arm sustained while riding his bicycle. After being X-rayed and placing the arm in a cast, Herbert was permitted to go to his home.

Mrs. Andrazien Page was dismissed from the hospital after being confined there in bed for about two weeks.

Mrs. Frank Mann was removed from the hospital to her home, although her condition remains unchanged.

S. J. A. NOTES

The Sodality of the Blessed Virgin Mary met last Friday to organize its forces for the current year. A nominating committee representing the three upper classes had previously selected its candidates, and after the opening of the meeting the voting for the major officers of the Sodality was immediately begun.

Miss Irma Tudury was elected prefect; Miss Florence Swanner, secretary; and Miss Iris Lang, treasurer. Chairman for the seven special committees of the Sodality will be named by the officers and the Moderator of the Sodality.

The Sodality has pledged themselves to the saying of the Rosary daily, during the month of October, which is dedicated to Queen of the Holy Rosary.

Student Body Commemorates Anniversary of the Discovery Of America

The students assembled at 2:20 on Monday afternoon to commemorate the 450th Anniversary of the discovery of America. The program was directed by Florence Swanner. A short paper was read by Martha Xidis. The National Anthem and other patriotic hymns were sung and prayers were recited in thanksgiving to Almighty God for the countless favors and blessings bestowed on our beloved country these many years. After the flag salute the school was dismissed for the afternoon.

Sodality of the Holy Angels Increased by Fifty

At a special ceremony in honor of the Holy Angels fifty new members were enrolled in that Sodality. Rev. Father A. J. Gmelch officiated at the ceremony and solemnly enrolled each child in turn.

"JACKASS MAIL" AT A. & G. THEATER SUNDAY-MONDAY

To that legion of theatergoers with whom Wallace Beery and Maureen O'Sullivan are prime screen favorites (affectionately considered as today's Min and Bill), the fourth appearance of this ideally matched comedy team in Metro-Goldwyn-Mayer's "Jackass Mail" will be big news—and welcome.

In this story of early frontier days, the range for their now noted butfoony, as they pursue a hilarious romance and encounter many stirring adventures, is unlimited and one of which they take full advantage.

Aiding and abetting them ably to make "Jackass Mail" a joyous evening in the theater for every type of film fan is a talented and popular cast of supporting players headed by J. Carroll Naish, an actor of many parts and talents. Then there is ten-year-old Darryl Hickman, whose abilities as a juvenile actor got much test and acclaim in "Men of Boys Town" and "Joe Smith, American."

Other important members of the cast include Dick Curtis, William Haade, Hobart Cavanaugh and Joe Yule.

Directed by Norman McLeod, who won recent laurels as pilot of the M-G-M musical, "Lady Be Good," and who is an experienced hand at directing outdoors drama, the screenplay was written by Lawrence Hazard from an original story by C. Gardner Sullivan.

John W. Considine, Jr., produced. An entire Western town was erected by Metro-Goldwyn-Mayer to film the action. Location shots took the company to the majestic Sierra Nevada mountains.

WITH THE FISHERMEN AND OTHER SPORTS

By KANCHU KETCHUM

SEEMS AS THOUGH THERE WILL BE MORE LADIES FISHING THIS YEAR THAN EVER, ESPECIALLY WHEN TROLLING FOR SPECKLES JUST SUITS THEIR FANCY.

On last Thursday, Mr. and Mrs. W. S. Morrill and Miss Murhl Kergosien enjoyed a fishing trip on Jordan River. Mr. Morrill acted as skipper and let the ladies do the fishing and they really made a catch—more than ten pounds of speckled trout, and Murhl claims she landed the biggest one.

Other ladies who are ardent boat and fishing enthusiasts and who are seen quite frequently out with their husbands are: Mrs. Cliff Ferrell, Mrs. E. L. Genin, Mrs. Ben Hillie, Mrs. L. M. Gex, Mrs. H. Grady Perkins, Mrs. Leo Ford, Mrs. John Mollere, and Mrs. Alden Mauffray.

Speckles are being caught in outside waters in great numbers. As to trolling just at this time—they are not doing so good—probably a little cold weather will help.

Julian Perre, commercial fisherman, reports catching 120 pounds of speckles Saturday. Julian says the greatest worry is getting live bait. However they are hitting "cut mullet" bait.

Latest reports are that speckles and white trout are plentiful up Jordan River and Bayou LaCroix. Some have been caught as high up as Bayou LaCade and at the bridge up Bayou LaCroix.

J. M. Villavassa and wife caught about 75 fish in two days fishing in Bayou LaCroix. They were croakers, sheepshead, trout and perch.

Chris Reab and Geo. Danziger went trolling last Sunday afternoon.

Albert Hitt treated his two sons, Sonny and Dickie to a fishing trip Saturday in Jordan River. The boys had a great time. Albert says he is going to start them off early. They were accompanied by Claude Pressley.

The water in Pearl River is perfect just now. Henry Osolnach and Dec Elliott caught 10 large green trout at Napoleon Sunday afternoon.

**YOU WOMEN WHO SUFFER FROM
HOT FLASHES**

If you suffer from hot flashes, dizziness, distress of "irregularities," are weak, nervous—due to the functional "middle-age" period in a woman's life—try Lydia E. Pinkham's Vegetable Compound. It's helped thousands upon thousands of women to relieve such annoying symptoms. Follow label directions. Pinkham's Compound is worth trying!

*She's
working
harder
than a
DITCH
DIGGER!*

It's a scientific fact: at a woman who uses her eyes under poor lighting conditions for prolonged periods of time is working harder than a ditch digger. The result of it is frequently eye strain, which in turn can lead to headaches, fatigue, and even nervous indigestion.

As comes the growing need to conserve to the last usable remnant the things we have, good lighting plays its important part in making possible the mending, reworking and "cutting down" which will help in this contribution to our nation's war need.

Nearly two decades of "light conditioning" activities on the part of this company thus provide this extra value in time of war.

WAR-MAKING has undergone many changes since the days of chivalry. Men once fought hand-to-hand in coated mail, with lance or spear—and wars were fought by soldiers only.

War is now waged with deadly machines and no civilian is immune from attack. Moreover, it takes an army of workers on the home front, behind the lines, to make the machines, supply the money and the ammunition.

This is everybody's war; civilian, soldier and sailor alike. It will be won in counting house, on farm and in factory as well as battlefield.

Men no longer fight with the same weapons nor with good sportsmanship, but the cause of freedom for which they fight changes little.

The purchase price of America's freedom was in patriot's blood. Maybe we will strive to do a better job when we realize that the present conflict is one in which we meet another installment on our original purchase.

—Mr. Victor Lizana, one of our prominent and most civic-minded and charitably inclined citizens, was taken to Touro Infirmary by ambulance on Tuesday afternoon. "Vic" as he is so familiarly known, had been ill at his home on Jeff Davis avenue in Waveland for several days suffering from a kidney ailment which did not improve and it was deemed advisable to take him into New Orleans for further treatment, where he also could secure the services of a specialist. We all hope that Vic's recovery will be speedy and that he will be able to return to his home very soon.

—Friends here were grieved at the news received last week of the death in New Orleans of Mrs. Annie Dowd of that city. Mrs. Dowd, the former Miss Annie Allen, was a former resident of Edwardsville. She was educated in the public schools and was a member of the faculty of Waveland School. Later the family moved to New Orleans, where they resided since. Mrs. Dowd had been ill for many months but the end came suddenly. Her husband, Peter Dowd, preceded her to the grave several years ago. She is survived by four daughters, Mrs. Henry J. Clement, Mrs. Philip Schiltz, Mrs. Nelson LeBlanc and Miss Anna Allen, three sons, Michael, Jr., Peter F. and Corporal William A. Dowd. She also leaves three sisters, Mrs. C. F. Moon of Gulfport, Mrs. A. J. Price and Miss Bertha Allen of New Orleans. Funeral services were held at 4:30 p. m. on Saturday from the late residence at 1036 Marengo street with religious services at St. Stephens Church.

—The family of Mr. Alcide Ladner is rejoicing this week over the arrival of little Miss Jacklyn Mae Bosarge whom the stork delivered to Mrs. Jack Bosarge, the former Miss Mabel Ladner, at the Biloxi City Hospital on Sunday, October 11th. Mr. and Mrs. Bosarge presently reside in Biloxi, with their nine year old son, C. V., where Mr. Bosarge is bookkeeper for the Arcadia-Ness Creamery.

MISS THELMA BOURGEOIS MARRIED AT WAVELAND

On Sunday afternoon at 5 o'clock Miss Thelma Bourgeois, daughter of Mr. and Mrs. Willie Bourgeois, and Chester Kingston, son of Mr. and Mrs. Thomas Kingston, were married at St. Claire's Catholic Church in Waveland, with the Rev. Father M. J. Costello performing the ceremony.

The bride chose for her costume a navy blue fall model with which she wore red accessories and a shoulder corsage of pink rosebuds.

Her maid of honor, Mrs. Joseph Noto, was dressed in army blue with black accessories and wore a shoulder corsage of pink rosebuds.

Mr. Thomas Noto was best man to the groom, Mr. Kingston.

After the wedding ceremony a small reception was held at the home of the bride's parents on Robert street in Waveland for members of the family and a few close friends.

Mrs. Kingston is a graduate of Bay High School and Mr. Kingston is presently employed in defense work as a welding instructor in a school in Gulfport.

Mr. and Mrs. Kingston are occupying an apartment at 408 Hancock Street.
